## CURRICULUM VITAE

**THOMAS C. EBRO**, Aquatic Safety Specialist

19207 Pristine Place  
Lutz, Florida 33558-9044  
Telephone: (813) 792-9000 FAX: (813) 792-9090  
E-Mail: [tomebro@tomebro.com](mailto:tomebro@tomebro.com) Website: [www.tomebro.com](http://www.tomebro.com)

### PERSONAL DETAILS:

Age: 65-yrs	Height: 6' 3"
Married - No children	Weight: 260-lbs
Fluent in 3-languages: (English/German/Estonian)	Born in Tallinn, Estonia (The Baltics) Naturalized as US-citizen in 1958

**EDUCATION:** Bachelor of Science (B.S.) - University of Oregon - 1965  
Major: Recreation Management & Aquatics Administration

### CURRENT PRIVATE PRACTICE OVERVIEW:

In business with a private aquatic safety consulting practice since 1985 with over 1,280 plaintiff and defense cases, my private firm **TOM EBRO - AQUATIC RISK MANAGEMENT** provides comprehensive aquatic litigation support services to attorneys handling products liability and water-related injury and death cases.

### My Areas of Specialization:

- \* Aquatic risk management and emergency response protocols
  - \* Water safety staff evaluation, training & performance audits
  - \* Plan review, safety specifications, code/standards compliance
  - \* Development or review of aquatic safety signage & warnings
  - \* Aquatic resort planning, development, operational safeguards
- \* In-ground/Above-ground swimming pools and hot-water spas
  - \* Ocean beaches & inland waterfront operation safety standards
  - \* Waterpark attractions (slides, wavepools, cable-tows, tube-rides)
  - \* All boating, personal watercraft, tow-rope sports, parasailing
  - \* Skin & SCUBA diving standards, equipment, commercial operations

### My Litigation Support Services:

- \* Preliminary discovery review and case merit valuation
  - \* On-site aquatic accident investigation and reconstruction
  - \* Lawyer orientation with relevant aquatic standard of care
  - \* Insights into opposing-side aquatic theories and strategies
  - \* Hindcasting aquatic behavioral & biomechanical scenarios
- \* Equipment failure analysis and product performance testing
  - \* Aquatic facility safety audits including warnings adequacy
  - \* Court exhibits (mounted photos, videos, forensic models)
  - \* Answering interrogatories, including affidavits and reports
  - \* Giving expert witness testimony during deposition and trial

### My Operational Support Facilities:

- \* Professionally staffed, modern two-story new office facility (connected to my residence)
  - \* Large aquatic library of codes, specifications and industry standards
  - \* Computer-networked aquatic research center and documents database
  - \* Industrial digital & SVHS video apparatus with editing studio on-premises
  - \* Affiliated aquatic testing-lab facilities with highly skilled water experts

Page 2

- \* Precision measurement instruments for slippage, lighting, slope, velocity, water-chemicals
- \* Complete underwater equipment for photo and video documentation
- \* 35' Formula "FasTech" high-performance motor-vessel and Zodiac inflatable watercraft

## **CAREER AND EDUCATIONAL BACKGROUND:**

**Summary Overview:** "More than 40-years of professional aquatics experience including litigation support service in over 1,280 aquatic cases, within 48 U.S. States, Antigua, The Bahamas, Canada, Cayman Islands, Costa Rica, Jamaica, Martinique, Mexico, Puerto Rico, St. Lucia, Turks & Caicos, and The Virgin Islands."

- \* University graduate holding specialty degree in aquatics recreation
- \* Ten years as Aquatic Director for Los Angeles County Government
- \* Medical Examiner's Deputy Coroner investigating all aquatic fatalities
- \* Instructor: Scuba, First-Aid, CPR, Water-Safety, Boating, Water-skiing
- \* Produced American Red Cross aquatic safety training films & videos
- \* Trained underwater instructors, police, firemen & commercial-divers
- \* Featured speaker at numerous aquatic safety seminars/conferences
- \* Recordholder in commercial-sponsored ocean powerboating events
- \* Six-years of aquatic-theme resort/hotel development & management
- \* 15-years of safety consultation, accident investigation/reconstruction
- \* Safety-consulting/Product-testing for Zodiac and Sevylor inflatables
- \* Featured on national television: 20/20, Inside Edition, Discovery, CNN

**1985 – Present** **CONSULTING PRACTICE & LITIGATION SUPPORT SERVICE** (My private firm)  
Tampa Bay (Lutz), Florida

Following my more than 27-years' accumulation of "hands-on" professional field experience in aquatics, I returned from the Caribbean and established a private consulting practice, presently named **TOM EBRO – AQUATIC RISK MANAGEMENT**, devoted to aquatic risk management and litigation support consulting, with the firm's offices currently based in Lutz, Florida. My aquatic safety consulting practice (pro-actively) specializes in aquatic accident prevention ... conducting testing of equipment and on-site safety inspections plus providing remedial consultation availability to resort-hotels, commercial waterparks, public recreation agencies, swimming pools, beaches/waterfronts, insurance companies, the boating industry and aquatic equipment manufacturers. My aquatic litigation support practice (reactively) specializes in water accident reconstruction, forensic investigation, consulting on cases, and providing expert witness services to the legal community on a wide variety of recreational aquatic accident and death matters. In total, this translates into 20-years of accumulated "hands-on" litigation-support with courtroom-testifying experience and handling of over 1,280 prior cases for both Plaintiff and Defense.

My direct experience in serious and/or fatal aquatic accident investigation has provided me the expertise to determine causal factors, recommend corrective action, and implement operational, maintenance and safety training programs to minimize litigation exposure. And, in working with both Plaintiff and Defense attorneys on over 1,280 cases, I have found that the combination of my firm's reliance on extensive aquatic reference resources, hands-on professional expertise, and meticulous preparation skills to be "keys to success" for the law firms I serve. A sampling of the services I provide includes:

\* **Aquatic Accident Analysis:**

Forensic reconstruction of aquatic accidents. Specialized photography and video documentation. Time/Motion re-enactment at the surface and below. Measuring slip-resistance on wet walking surfaces.

Page 3

\* **Aquatic Safety Engineering:**

Safety-survey of aquatic facility design, construction, maintenance and operation. Hazard foreseeability. Warning signs. Legal compliance. Industry standards. Staff evaluation. Emergency action plan.

\* **Aquatic Human & Biomechanical Factors:**

Drowning accidents. Spinal cord injuries from diving into shallow water. Slips and falls. Water slide accidents. Boating and Jet Ski accidents. Water-skiing related accidents. SCUBA diving accidents.

\* **Aquatic Product Liability:**

Failure analysis and performance testing of aquatic products. Confirming misuses and hidden causal defects. Industry standards. Aquatic environmental factors. The adequacy of warnings and instructions.

**1981 - 1985**     **DIRECTOR OF DEVELOPMENT,** Rum Cay Club (A "Members-Only" Resort/Hotel)  
The Bahamas.

From inception, I was in charge of directing the entire development of this luxurious beach resort/hotel on a remote Caribbean island. Exclusively designed for advanced SCUBA-divers and underwater photographers, this posh resort featured luxury accommodations, a gourmet restaurant/lounge, a conference center, private air-transportation and a "state-of-the-art" SCUBA-diving operation.

The theme of this resort focused exclusively on ocean recreation -- featuring advanced level SCUBA-diving and underwater photography concentration with supervised underwater-tours, specialty aquatic instruction, boating, sailing, windsurfing, swimming, beach and spa activity. A sampling of my "aquatics-related" achievements included:

- \* I recruited, personally trained and supervised all aquatic personnel including the instructors, divemasters and boat captains.
- \* I designed the resort's two custom built 34-foot "tri-hull flattop" dive boats, specially adapted for rough seas, with the latest electronics and convenience features for underwater photographers.
- \* I installed an elaborate "twin-compressor" air station, a 10,000-cu/ft. cascade system, the logistics for transporting over 200 SCUBA-cylinders, and conducted technical maintenance training.
- \* I personally selected and purchased the resort's aquatic inventory including SCUBA gear, motor vessels, outboard engines, catamarans, beach equipment, pier hardware, emergency-room supplies, etc.

Upon expiration of my four-year "turn-key" contract, I decided to start my own business and pursue an independent aquatic consultation career.

**1978 - 1980**     **RESIDENT GENERAL MANAGER** Spanish Bay Reef Resort/Hotel  
Cayman Islands, British West Indies.

As the hotel's General Manager, I was in charge of daily operations and personally directed the expansion of SPANISH BAY REEF RESORT, an exclusive watersports resort/hotel in the Cayman Islands. It was a luxurious waterfront property with 25 secluded bungalows, a gourmet restaurant, a bar/lounge with native entertainment, a large swimming pool and marina, plus exceptionally elaborate SCUBA-diving facilities.

Page 4

My principal responsibility there was to create an "aquatics-theme" operation -- featuring advanced level SCUBA-diving and underwater photography with supervised underwater tours, aquatic-instruction, boating, sailing, windsurfing, swimming, beach and marina activity. A sampling of my "aquatics-related" achievements included:

- \* I recruited, personally trained and supervised all aquatic personnel including the instructors, divemasters and boat captains.
- \* I personally designed and directed the construction of the outdoor swimming pool and I selected its circulation, filtration, chemical-feed, and automatic timing systems.
- \* I created a "state-of-the-art" SCUBA-diving operation tailored to underwater photography, with hi-tech facilities, custom diveboats, equipment rental/repair, a color photo-lab & instruction programs.
- \* I attained the 1978 Undercurrent Magazine rating as "Best of the Lot" in a Caribbean comparison survey of SCUBA resorts. I also received Cayman's "Outstanding Hotel Administrator" award.

After 3 years, I left, because the resort was sold and the new shareholders wished to operate the resort themselves. I lived aboard my powerboat and cruised throughout the Caribbean for one year.

**1974 - 1978**      **GENERAL MANAGER**    David and Dash International Corp.  
Miami, Florida

As Corporate General Manager, I performed all executive functions for this international corporation, establishing the goals and directing the activities of all section supervisors. David and Dash is the leading converter, importer, handprinter and manufacturer of interior design textiles and wallcoverings to the hospitality industry. Our annual sales exceeded \$10-million. My responsibilities included directing the overall operation of our headquarters and plant facilities in Miami, as well as supervising all administration levels and coordinating all sales activities of our domestic and foreign showrooms.

After 4 years, I voluntarily resigned my Corporate General Manager position in 1978, and moved away from the United States to work in the Caribbean resort-hotel industry as a Resident General Manager at a spectacular dive resort in the British West Indies.

**1965 - 1975**      **SENIOR AQUATIC SPECIALIST**    L. A. County, Department of Parks & Recreation  
Los Angeles, California.

For ten years I ran the Los Angeles County Aquatics Program. My countywide scope of responsibility extended over 4,083 square miles into more than 100 municipal and private agencies, and encompassed the total planning, development and operation of all public aquatic programs at marine facilities under County jurisdiction. Of historical significance, during my ten years of administration and direct supervision, the L.A. County Underwater Program is solely credited with originating today's worldwide level of SCUBA certification standards and safety legislation.

Because of the uniqueness of my position, I was recognized as a top authority and consultant in aquatics. I traveled extensively giving presentations. I conducted countless public events including major local and national diving conferences. I have written technical articles and training manuals which still remain in wide use today. I have also developed public service TV-filmclips, radio-spots, and have produced, narrated and performed in motion pictures dealing with aquatic safety, lifeguard training and marine-environment topics. Examples of the varied aquatic programs I conducted include:

Page 5

\* **Aquatic education programs; Safety training; Standards regulation; Team-competition & tournaments; Aquatic publications & film media:**

Conducted widespread aquatic-leadership training including the certification of novice swimming & springboard diving-coaches, skin & SCUBA instructors, synchronized water-ballet coaches, canoeing & small-craft instructors, plus aquatic teachers for the disabled. Conducted mass-scale aquatic tournaments, league competition and culminating championship events involving hundreds of public swimming pools and attracting enormous public participation. Maintained a continuous liaison with all aquatic industry leaders, manufacturers, swim clubs, marine retailers, publications, regulatory and safety agencies, and instructor organizations.

\* **Basic & advanced SCUBA certification and instructor courses:**

From inception, my office pioneered this sport's early development and safety standards; Enforced the nation's highest instructor requirements and public instruction standards; Regulated the annual re-certification of more than 300 SCUBA-instructors; Issued more than 1,000 public certification-cards monthly; Produced classroom aids and publications; Appointed and supervised advanced training staffs; Monitored performance and conduct standards; Furnished specialized underwater training to police, coroners, firemen, NASA-scientists, lifeguards and the physically handicapped.

\* **Aquatic accident investigation and research:**

I functioned as the Medical Examiner's Deputy Coroner-Investigator and was in charge of coordinating forensic investigation of aquatic fatalities in Southern California; Participated in autopsies and laboratory examinations, did technical evaluation of breathing gases and equipment, gave expert opinion and legal testimony during inquests, and published annual research findings; Served as the Chief Diving Officer for Los Angeles County Government, as the Executive Director of Los Angeles County's Underwater Safety Committee and as a liaison-advisor to the U.S. Navy Submarine Medical Command.

\* **Produced aquatic publications and training-films:**

Editor/Publisher of basic SCUBA-diving textbook and monthly magazine; contributed articles to aquatic publications; Produced film-clips for television; Consulted, narrated and was the featured performer for the American Red Cross motion picture series on "Water Safety," currently being distributed worldwide; forensic photo-reconstruction of aquatic accidents; developed a public aquatic resource library and speakers bureau; generated original research and underwater survey material from graduating course participants and launched aquatic promotions and safety campaigns.

\* **Vocational rehabilitation diver-training for inmates:**

Co-founded today's only commercial deep sea diving vocational prisoner rehabilitation training program at the State Correctional Institution in Chino, California; negotiated for Federal funding and surplus military diving hardware and organized the curriculum, etc. The program operates successfully today, with recidivism practically non-existent and career placement assured to the parolees in advance by major offshore diving companies.

\* **Underwater ecology and kelp-restoration:**

Initiated various public ecology programs and kelp restoration efforts in Southern California; was instrumental behind the Palos Verdes Underwater Park development; participated with Cal-Tech toward generating joint-governmental funding and environmental legislation; received a grant from the County Fish & Game Commission to initiate volunteer programs to control kelp devastation by sea urchins; served on most underwater preservation and park-planning commissions for Los Angeles County and the State and was instrumental in the public domain acquisition of Catalina Island and headed its underwater preservation board.

After 10 years, I voluntarily resigned from the public sector to enter into the private industry hotel-management field. My father-in-law, at the time, was the Vice President of Hilton Hotels Corporation and he assisted in arranging my next career move, to General Manager, of an international hotel subcontractor firm.

Page 6

**1959 - 1965**      **AQUATICS DIRECTOR**      Portland, Oregon  
                          Multnomah County Parks & Memorials Department

For a total of six summers, I worked for Multnomah County's Department of Parks and Memorials. For 2-years I worked as a Lifeguard; followed by 1-year as Head-Lifeguard; and for 3-years as Aquatics Director. The "Blue Lake Park" facility I assisted in developing and managed was then Oregon's newest and largest regional aquatic complex, indeed one of the nation's earliest waterparks, with a seasonal staff numbering over one hundred employees. The aquatic programs I directed were county-wide in scope and included swimming & diving instruction, competitive meets, water safety courses, canoeing & boating, lifeguard contests, and specialized military survival training programs. Multnomah County government and the University had formally arranged for my seasonal work to be closely evaluated and academically credited as "professional internship" wherein I was allowed to implement the numerous "cutting-edge" aquatics concepts that I had learned in my classes.

**1963 - 1965**      **UNIVERSITY OF OREGON**      Eugene, Oregon

**1961 - 1963**      **PORTLAND STATE UNIVERSITY**      Portland, Oregon

**1960 - 1961**      **LEWIS AND CLARK COLLEGE**      Portland, Oregon

At age 24, I graduated from the University of Oregon and earned a Bachelor of Science degree in Recreation Management and Aquatics Administration. This specialized two-year curriculum was offered by the University's Health, Physical Education and Recreation Department. During those two years, my formal practical-internship consisted of working part-time and seasonally for Multnomah County's Parks Department, participating in the designing, construction and operation of 'Blue Lake Park,' a regional public waterpark. This futuristic aquatic facility proved to be one of the earliest forerunners to subsequent proliferation of hi-tech waterparks.

For two years, I attended Portland State University completing my undergraduate work. And the prior year, on returning from active duty in the Marines, I had started my formal education in Lewis and Clark College.

**1958 - 1966**      **U.S. MARINE CORPS**      (Honorable Discharge) Camp Pendleton, California

At age 17, immediately following high school, I enlisted in the U.S. Marine Corps and, in 1960, assumed the Military Occupational Specialty (MOS #8563) "Water Safety Survival Instructor." I worked as a lifeguard, taught swimming, instructed in amphibious survival and, as a diver, recovered tools dropped overboard during pontoon-bridge construction exercises. I was also the Assistant Editor of the base newspaper within the Public Information Office. Following 6-months of active duty, I enrolled in college and completed my 8-year military service-tour in the reserves, training on alternate weekends and for two-weeks each summer.

**1940 - 1958**      **FOREIGN & DOMESTIC EDUCATION**      Europe and the United States

I was born in Tallinn, Estonia during Soviet occupation of the Baltic countries in 1940. Our family escaped to Germany during World War 2. I attended numerous elementary schools in refugee camps throughout Europe prior to emigrating into the United States in 1951. I grew up in the midst of various Western nationalities and cultures. I attended two high schools in Portland, Oregon (Cleveland HS - 1-year and Jefferson HS - 3-years). I acquired fluency in three languages (Estonian, German and English) and became a naturalized U.S. citizen upon high school graduation in 1958.

**SUPPLEMENTARY DETAILS, SKILLS & ACCOMPLISHMENTS:**

- \* **Incorporated in the State of Florida** -- with two private companies: (Presently these two companies do not operate independently; their functions are combined: TOM EBRO - AQUATIC RISK MANAGEMENT)

**Tom Ebro, Inc. (Tax I.D. #59-2628858)**

**d/b/a Tom Ebro – Aquatic Risk Management**

A "reactive" litigation support service business wherein I function as the sole private practitioner consulting exclusively in the Aquatic Safety related investigation and research specialty.

**Aquatic Risk Management, Corp.**

**d/b/a Tom Ebro – Aquatic Risk Management**

A "proactive" safety-recommendation service business wherein my company furnishes aquatic risk management consultation and safety-auditing to commercial aquatic facilities and manufacturers.

- \* **40-years photography experience** -- I possess commercial video and photography equipment (both surface and underwater capacity); I am trained in forensic photo/video documentation; My experience includes photo-darkroom and video-editing, film production, script-writing and voice-narration; I've prepared numerous court exhibits.
- \* **Recordholder in ocean-powerboating** -- In 1980 I completed a record 3,000-mile open ocean voyage to South America with a 25-foot racing powerboat. Commercial sponsors for this challenging feat included Rolex, Carrera, Champion, CRC and Thunderbird Boats. The accomplishment included my survival through "Hurricane Allen" and it was featured in U.S. boating magazines, including on television and in newspapers throughout the Caribbean.

**PROFESSIONAL CREDENTIALS AND AFFILIATIONS HELD**

Certified Oxygen Administration for the Professional Rescuer.....	American Red-Cross - 2002
Certified Lifeguard Training and Community First Aid and Safety.....	American Red Cross - 1992
Certified CPR for the Professional Rescuer .....	American Red Cross - 1992
Certified AWSA Level-1 Water-skiing Instructor .....	American Water Ski Association - 1994
Certified Master Clinician of Risk Management.....	American Alliance Hlth/PE/Rec/Dance - 1993
Certified NSPF Swimming Pool & Spa Operator.....	National Swimming Pool Foundation - 1985

**Case Type & Name**

**Description**

**Boating / Capsizing (6 cases – 5-pf / 1-df)**

8832 Plaintiff San Antonio, Texas	Rhodes v. Steve's Marine	Waves swamped and overturned boat
9151 Plaintiff Grand Turk, Turks & Caicos	Koerner v. Club Med	Surf capsizing pinned hand under boat
9160 Plaintiff Lake Sammamish, Washington	State of Washington v. Roth	Homicide investigation, inflatable capsizing
9637 Defense West Bloomfield, Michigan	Bastanfar v. Pierce	Canoe capsizing, no PFD's worn, drowning
9857 Plaintiff Meridian, Idaho	Konopacky v. Ralston	Boat capsized, drowning, no PFD
0450 Plaintiff Phoenix, Arizona	Johnson v. Brooks	Performance boat capsized causing injuries

**Boating / Collision (18 cases – 13-pf / 5-df)**

8865 Defense New York, New York	Hechtman v. Prindle	Boats collided and passengers were injured
9028 Defense St. Joseph, Michigan	Hadary v. Hansen and Weaver	Boat collision killed one of the passengers
9124 Plaintiff Biscayne Bay, Florida	Cogan v. Fittipaldi	Marine Patrol boat collided with other vessel
9203 Plaintiff Conover, North Carolina	Isenhour v. Ramsey	Boat occupant struck head against bridge
9326 Plaintiff Tustin, California	Fulgham v. I.H.B.A.	Race boat crashed; buckle failed; injuries
9459 Plaintiff Stevensville, Michigan	Gerlach v. Kunkel	Boats collided, killed one driver *Fatal
9505 Plaintiff Alton, Illinois	Horn v. Dunlap & Bass Federation	Boats collided, killed one driver *Fatal
9553 Defense North Miami Beach, Florida	Santiago Rodriguez	Boats collided, ejected from boat *Fatal
9767 Plaintiff Annapolis, Maryland	McCubben, et al. v. Zaccari	Boat struck rowboat, improper lookout
9804 Defense Akron, Ohio	Good v. Ohio Edison v. Chaykosky, et al.	Collided into utility tower, intoxicated
9826 Plaintiff Metairie, Louisiana	Duplechien, et al. v. Farac, Jr., et al.	Boat ran over fallen towable rider
9828 Plaintiff Southfield, Michigan	Corbeil v. Phillips/Mann	Boat collided, man pinned under boat
9908 Plaintiff Coeur D'Alene, Idaho	Utke v. Sanders	Boat collided into fallen towable rider
0169 Plaintiff Salisbury, North Carolina	Williams v. American Bass Fishing Club	Boats collided, child thrown *Fatal
0105 Defense San Juan, Puerto Rico	Peemoller Sultan v. Carlos Soto	Boat struck skin diver, no flag or buddy *Fatal
0207 Plaintiff Los Angeles, California	Griffin v. Chevron US, Inc.	Boat struck unlighted buoy *Fatal
0228 Plaintiff Cedartown, Georgia	Loudermilk v. Fisherman's Bass Circuit Inc.	Bass boat stuck houseboat *Fatal
0369 Plaintiff Claremont, California	Duval v. Evans	21 ft. jet boat collided with victim

**Boating / Propeller Injury (27 cases – 21-pf / 6-df)**

8504 Plaintiff Coral Gables, Florida	Rendall v. Karabas	Foot severed by boat's propellers
8511 Defense Metairie, Louisiana	Undetermined	Occupants were ejected and struck by boat
8716 Plaintiff Baton Rouge, Louisiana	Evans v. Bennett	Occupant fell overboard and was run over
8802 Plaintiff Philadelphia, Pennsylvania	Levin v. Bates	Inattentive boat driver ran over a fallen skier
8834 Plaintiff Key West, Florida	Calabro v. Burgess	Raceboat collided during race; prop injury
8908 Plaintiff Bradenton, Florida	Cole v. Eubanks & Manatee County	Boat ran over a skindiver; leg was amputated
8923 Plaintiff Miami, Florida	Redmon v. Carr	Boarding waterskier sliced his leg on prop
8945 Plaintiff New York, New York	Schenck v. Walt Disney World	Ferryboat ran over a patron in rental boat

Tube rider was whipped in a turn and collided  
 Products Liability & Safety Consultation  
 Tube was whipped in turn, collided with dock  
 Litigation support, safety committee consultant  
 Towable rider was injured during a whip-turn  
 Towable rider suffered a rope-straddling injury  
 Towable rider fell and the towrope cut his arm  
 Inattention aboard caused tube rider drowning  
 Tube's dark color hard to see, struck by boat  
 Mounting Ski-Bob from boat, fell/struck cleat  
 Tube rider's eye injury from a snapped towline  
 SkiBiscuit rider inserted a leg, broke his ankle  
 Rider suffered carotid artery injury & a stroke  
 Towed tube rider sustained knee joint injury  
 Inflatable flipped - tow rope caught rider's leg  
 Tube dropped off back of boat; entangled arm  
 Inflatable capsized, rider fell & injured head  
 Injury involving tube without a quick release  
 Riders suffered lacerations during whip-turn  
 Boat's sharp turn caused towable rider injuries  
 Ski board binding failed to release skier's foot  
 Tube rider hit a wake, fell off tube, spinal injury  
 Riders entangled with rope, dragged by boat  
 Rider's leg caught with towable, high speed  
 Rider's arm caught with handle of 'Ski Biscuit'  
 Tow rope separated when being towed, hit wall  
 Towed tubes crossed, rope entangled with leg  
 Tow rope tied to handles, fingers amputated  
 Idle towable pulled by wave, fingers amputated  
 Towable capsized, rider struck UW object  
 Banana Boat rider injured as fell off  
 Towline snapped, struck spotter's eye  
 PWC struck towable rider  
 Rider's foot lodged in ski biscuit  
 Rider injured while on tube with tow device  
 Child tubing in creek encountered rough water  
 Tow rope broke at clip and recoiled  
 Boy fell off towable, sustained broken hip  
 Snow tube injury

Whipped skier collided into dock, fractured leg  
 Submerged waterskier's 2-arms trapped in PFD  
 Waterskier's fingers amputated by the towrope  
 Oncoming boat too close, ran over waterskier  
 Ski-jumper improperly taught, fell from ramp  
 Ski-observer's back of head struck low bridge  
 Jumper's towline became stuck in ramp-crack  
 Driver applied excessive starting acceleration  
 Whipped waterskier was slammed into a dock  
 Waterskier's finger severed by towrope handle  
 Skier fell, PFD steered him into bottom \*Quad  
 Driver suddenly accelerated during skier's start  
 Waterskier's leg near-amputated by tow handle  
 Ski rope recoiled and injured passenger in boat  
 Waterskier lost control, struck protruding dock  
 Boat went thru wake, caused waterskier to fall  
 Skier whipped in turn, slammed into dam wall  
 Unsuccessful maneuver, prone-barefoot \*Quad  
 Driver close to shore, pulled skier into a piling  
 Waterskier depleted muscle capacity, drowning  
 Ski rope recoiled and injured passenger in boat  
 Instr. advised non-release of tow rope, skier injury  
 Boat Passenger struck by tow rope recoil  
 Passing boat tore hand entangled with tow line  
 Boat driver made sharp turn, passenger injured  
 Skier lost balance due to wake, spinal injury

9546 Plaintiff Seattle, Washington	Deaton v. Greenleaf, Michigan	Waterskiing, did not tie to illegally long dock

3-diver, no regulator, divermaster inattention  
 Snorkeling excursion; supervision failure \*Fatal  
 Snorkler decapitated by boat's propeller \*Fatal  
 Incorrect instructions led to bends \*Fatal  
 Buddy separation in rough seas, drowning  
 Defective BC when hose detached from vest  
 Near drowning on cruise line's scuba excursion  
 Diver was overweighted, instr.'s negligence \*Fatal  
 Drowning, tank low in air, buddy separation  
 Student drowned, Instructor lost sight of him  
 Diver's tank low in air, drowned  
 Commercial diver drowned, rope entanglement  
 Diver drowned due to defective pressure gauge  
 Diver buddy separation returning to boat \*Fatal  
 Diver failed to ascend, elected no buddy system  
 Diver drowned, found with no air in tank  
 Diver failed to resurface in breath hold descent  
 Emergency 3-buddy breathing ascent, embolism  
 Snorkler not breathing, revived, died 2yr. later  
 Diver surfaced, went unconscious, \*Fatal  
 Diver drowned: embolism, nonstandard tank mix  
 Triple drowning during technical dive at 250 ft.  
 Improperly weighted diver drowned  
 Diver abandoned during ascent, drowned  
 Diver drowned, rapid ascent, air embolism  
 Diver instructed to rapidly ascend \*Fatal  
 Diver drowned during PADI certification  
 Boat collided into diver in Mexico \*Fatal  
 Two commercial divers trapped under ice  
 Diver drowned, underwater buddy separation  
 Diver drowned, equipment failure  
 Diver drowned in pool during certification  
 Diver's BC failed, rapid ascent  
 Divers drowned behind instructor  
 Diver/worker entrapped flow pipe suction \*Fatal  
 Diver hit head on bottom of quarry \*Fatal  
 Handicapped SCUBA diver drowned in quarry  
 Child's face mask shattered while snorkeling  
 Failed hookah rig, drowned  
 Wrongful death - SCUBA diving  
 2 snorkelers drowned

Close-interval sliders collided in splash pool  
 Eardrum rupture, slider was dropped from 13'  
 Fall from elevated T-bar ride into shallow  
 Sliders formed chain & fell when flume broke  
 Close-interval, sliders collided in splash pool  
 Airborne sliders injured from flume's 'bump'  
 Rider hit baffle within flume path, tube flipped  
 Cracked flume sliced open a tube rider's hand  
 Slider suffered spinal injury from drop-slide  
 In-flume wall impact during turn, facial injury  
 Head-first sliding resulted in spinal injury  
 Close interval, tubes collided in splash pool  
 In-flume stoppage horseplay, riders collided  
 Rider collided with flume wall, design defect  
 Rider got herniated disk on waterslide bumps  
 Woman shattered leg on bottom of splash pool  
 Slider's heel struck flume baffle, design defect  
 Slider's leg was injured on splash-pool bottom  
 Flume design defect tore slider's leg sideways  
 Douche injury, didn't warn about crossing legs  
 Spinal injury, slide exit elevation was too high  
 In-flume collision; ejected out & fell to ground  
 Riders collided, leaping from flume to flume  
 Glass slivers in carpet, slider's legs lacerated  
 Close interval sliders collided inside the flume  
 Slider struck knee against splash pool bottom  
 Slider's tube flipped, in-flume wall impact  
 Park failed to remove tube with a loose handle  
 Close interval, in-flume collision, spinal injury  
 Slider struck flume-wall, shattered foot bones  
 Close interval, tubes collided in splash pool  
 Splash pool injury, improper instructions given  
 Close interval, tubes collided, defective flume  
 Slider ran into wall at end of deceleration area  
 Child fell thru barrier-bars from 20' high-slide  
 Rider's arms struck slide's sidewall-flanges  
 Drop slide, rider struck splashpool bottom  
 Lifeguard pushed patron against pool stairs  
 Riders collided, improper tube release interval  
 Rider struck splash pool bottom, spinal injury  
 Defective cable-towrope handle severed thumb  
 Rider ejected from flume, defective waterslide  
 Rider suffered knee injury in splashpool  
 Slider struck wall at end of splashpool  
 Knee injury in Typhoon Lagoon's splashpool  
 Slider's leg was injured in splash pool bottom  
 Slider on low inflated tube struck by heavyman  
 Slider ran into preceding riders  
 Slider's tailbone struck bottom of splashpool  
 Supvr. dismissed rider's fear; douche injury  
 Patron received friction burn from slide  
 Riders struck splashpool wall, excess weight  
 Slider's legs jammed as hit splashpool bottom  
 Slider injured while sliding down flume  
 Slider struck wall at the end of slide's run out  
 Slider struck submerged end portion of slide  
 Slider on innertube collided with tunnel flume  
 Tube capsized as hit splashpool, head hit bottom  
 Raft went airborne, injury at impact of descent  
 Slider struck head with slides exit lip  
 Slider in a 3-passenger float, head collision  
 Slider broke leg upon landing in splashpool  
 Slider instructed to descend, collision

9655 Plaintiff	Albany, New York	Johnson v. Six Flags' s; Wet 'N Wild	Slider struck pool with legs apart, douche injury
